

TRADITIONAL JUDO UK

Junior Mission Statement

The aim of the Tradition Judo UK is to develop happy well-motivated students according to their varying abilities, in a caring and stimulating learning environment, in partnership with parents. With well-trained Instructors and Coaches supported by the best available resources, we aim to promote intellectual, moral, social, physical and spiritual development. Students will thereby be prepared to derive maximum benefit from the skills they will be taught, and ultimately be able to give back to their families and the Community. This martial arts school's aim is to achieve all of this in a safe, structured and organised environment, conducive of its students learning needs!

Adult Mission Statement

The aim of the Traditional Judo UK is to develop happy well-motivated students according to their varying abilities, in a caring and stimulating learning environment. With well-trained Instructors and Coaches supported by the best available resources, we aim to promote intellectual, moral, social, physical and spiritual development. Students will thereby be prepared to derive maximum benefit from the skills they will be taught, and ultimately be able to give back to their families and the Community. They will achieve a high level of tolerance, control and restraint. This martial arts school's aim is to achieve all of this in a safe, structured and organised environment, conducive of its students learning needs!
